NOZZLE

OMAX® MAXJET® 5i Nozzle Assembly

Premier factory-aligned, long-life diamond integrated nozzle.

Warranted to last 500 hours, the MAXJET 5i combines OMAX precision with rugged durability and convenience. This one-piece integrated nozzle eliminates the need for rebuilding the nozzle assembly — simply replace the whole assembly when needed. The MAXJET 5i also provides for more accurate and consistent jet alignment which prolongs mixing tube life and gives you better quality cuts over the life of the nozzle assembly.

MAXJET 5i

Standard Feature

- High quality nozzle components — mixing chamber, carbide disc, and diamond orifice integrated and aligned within the nozzle body

Benefits

- Complete assembly comes ready to install
- Reduced downtime — no more nozzle rebuilds!
- Long life — guaranteed for 500 hours
- Lower overall operating cost than traditional nozzles
- Increased mixing tube life — more accurate stream and jet alignment reduces internal contact with abrasive, resulting in longer component life and better quality cuts

About OMAX

OMAX has the industry leading patented abrasivejet controller with a built-in expert system. Our exclusive "Compute First-Move Later" motion control system automates most programming and tool setup work, virtually eliminating the need for extensive operator training. Plus, with free OMAX Intelli-MAX® Software upgrades for the life of the machine and our ongoing commitment to advance the efficiency of our technology and software, OMAX saves you time and money.

**WORK
SMART**

The OMAX Technology Guarantee entitles you, as the original owner, to free OMAX software upgrades for the life of the machine.
